

HAND BREWED  
BY BEER ARTISANS

ALL NATURAL  
NO PRESERVATIVES

Our inspiration for the perfect American Pale Ale came from California, the birthplace of the APA style, where the sun, sand, and waves go hand-in-hand with great beer. Presented at 5.1% Alc/Vol, with vibrant and pronounced tropical fruit-inspired hop varieties, this anytime beer is an all-day crowd pleaser.

**TASTING NOTES:** California Sunshine APA has a brilliant straw colour and golden hue, supporting a white webbing of creamy head. Pronounced citrus character dives forward with hints of pine, lime, and grapefruit. The juiciness of the hops rounds out the delicate body, leaving a hint of tartness to cleanse the palate. Pairs well with any meal of the day.
